Note: QCI is an inclusive, diverse, equitable and equal-opportunity workplace.

Quality Council of India (QCI), an independent autonomous organisation is India's apex body for quality. QCI leads the nationwide quality movement in India by involving all stakeholders with an emphasis on adherence to quality standards in products, systems and services, for promoting & protecting the National interest and the health & safety of its citizens.

About the Opening:
QCI Industry Connect Initiatives to forge active partnerships with key stakeholders

- Supporting the Industry with Voluntary schemes in up-and-coming areas where standards & regulations are not yet present
- Improvements across the Entire Value Chain → Collaborating with Industry Stakeholders to create a Holistic Ecosystem where even the Local Supplier realises that Quality is the Key Benchmark of Success

Role & Responsibilities:
Under the overall supervision of the Lead and guidance of QCI leadership:

- Understand existing Quality Infrastructure (QI) in specific industry sectors, carrying out industry sector-specific research, identifying potential areas for intervention by QCI and its Constituent Boards and Divisions, devising strategies and action plans, formulating draft policies and concept papers etc.;

- Strategize on issues concerning trade, standardization, regulation, conformity assessment, standardization, etc. while promoting ease of doing business in India;

- Liaise with Government departments/ bodies, Regulators, Industry & Industry associations, and other relevant stakeholders to promote accreditation, and accredited conformity assessment;

- Support the QCI leadership to deliver the overall strategy of QCI to support the Indian regulatory ecosystem

- Develop strong collaborative relationship with partners and stakeholders;

- Promote a diverse and inclusive working environment, ensuring the team is motivated, professional, collaborative and focused on delivering client excellence;

- Formulate policies, concept notes, white papers, proposals etc., facilitate QCI's expansion in new avenues and pitch the ideas to clients in various sectors.
